* The TCEQ Project Manager's signature indicates that the QPR is accepted as a project deliverable and also authorizes any changes in deliverable due dates requested in the Deliverables sheet. Approved due date changes should be inserted in the "Current Due Date" column in the next QPR.

QPRs are due to the TCEQ Project Manager by the 15th of the month following each fiscal quarter. Specifically these dates are December 15th, March 15th, June 15th, and September 15th. Fill out appropriate areas and email the Excel workbook to the TCEQ Project Manager. The TCEQ Project Manager will review and either: 1) Approve, sign and date, and e-mail a scanned copy of the approved QPR to the contractor or 2) send back with comments. Once comments have been addressed and a final version is approved, the TCEQ Project Manager will send a signed version of the QPR to the contractor. The Contractor Project Manager must then print the signed version of the QPR and sign and date the cover page. Once signed, the entire QPR must be scanned and sent by e-mail to the TCEQ Project Manager along with the final Excel document.

If a deliverable is or will be late, a new due date must be proposed. If this is the case, a justification describing the circumstances necessitating the new due date must be provided.

Task/Issue	Additional Description of Quarterly Activities, Milestones, and Issues
[Include additional entries as appropriate]	
TWRI Project coordination/Stakeholder meetings	TWRI PM has been working with the Cameron County Health Dept. to draft a collaborative agreement between TWRI and the Cameron County Health dept. that would allow TWRI to review Cameron County OSSF permit data. A meeting was held at the Cameron County Health Dept. on 3/7/18 where their Supervisors/legal team and they agreed with the project and were going to recommend to their legal department to approve our request. After the meeting, a collaborative agreement was drafted in May and placed on the Cameron County Commissioners county meeting held on 5/15/18. The agreement was approved and signed by the court. The TWRI PM will begin collecting OSSF permit data as soon as the agreement is in place and the Health Dept. gives us dates and times to begin.
Monitoring QAPP	Monitoring will continue as scheduled in the QAPP.
Monitoring/Water Quality Sampling	The UTRGV PM and sampling team conducted water quality monitoring/sampling events on 3/26/18 & 5/23/18. UTRGV PM has submitted the 3/26/18 data and is working to upload the 5/23/18 data submittal.
SDQAPP	The TWRI PM has submitted the annual certification letter for the SDQAPP on 5/22/18.
Watershed Characterization Report	The TWRI and UTRGV PMs continue to work on completing the Draft Watershed Characterization Report based on TCEQ PMs comments.

Note: The purpose of this sheet is to provide for an ongoing discussion of tasks to document overall progress and to raise any overall issues that don't relate to specific deliverables.

Note: Please address activities and issues related to contract amendments, budget revisions, and other administrative matters under Task 1.
